

SCHOOL-COMMUNITY RELATIONS

Use of School Facilities and Equipment

Regulations - Equipment

No equipment shall be removed from any school facility without prior consent from the Superintendent of Schools.

School owned equipment is not for private use of either school employees or individuals within the community.

With permission of the Superintendent, school owned equipment may be rented for good and sufficient reason upon being signed for by an individual who shall be personally responsible for the return of said equipment in the same condition as it was obtained.
