

SCHOOL-COMMUNITY RELATIONS

Funeral Services

The use of the school building for funeral services is requested periodically by churches or the families involved. The Anita Community Schools has devised the stipulations surrounding this usage.

1. Someone on the custodial staff must be present and arranged by the funeral director or minister.
2. A fee concerning this arrangement will not be charged unless the deceased was not a patron of the community.
3. If the family requests usage of the school for a person not of the community, a charge of \$100 per day or partial day will be charged to the family.
4. Contact for arrangements needs to be made through the Superintendent or designee and the head custodian.
