Use of School Facilities and Equipment

School Bus Drivers For Non-School Related Trips

Use of District owned school buses for purposes other than transportation of District children to and from school and for related educational extra curricular and academic field trips, requires the use of a bus driver who is currently employed by the School District and meets all current qualifications relative to driving a school bus in Iowa as required by state law.

Such individuals must also be approved by the Superintendent of Schools, prior to use of the bus.
