Community Activities Involving Students

Sales Promotions Prohibited

Educational facilities, teachers, and students shall not be used for the promotions of sale of services or products of agencies or organizations operating for profit. The Board of Directors specifically forbids such activities as the following:

1. Distribution by students of pamphlets urging students, parents, and others to purchase services or products sold for profit.
2. The sale by students or teachers of products and/or services, except in relation to production by students as part of the program.
3. Similar activities which would involve the teachers and students and which would interfere with the normal time and activities of the school.

Where the Board of Directors and the Superintendent of Schools feel that the educational gain outweighs any promotional purpose, prior approval can be given by the Board to an activity.
